MASONS HONOR E. E. DOWNHAM

Reception In Honor of His Fiftieth Anniversary As a Member

LARGE GATHERING

Only Two Members Present Who Witnessed Ceremony Fifty Years Ago —Refreshments Served

E. E. DOWNHAM

The second interesting Masonic event of the present year took place last night in Andrew Jackson Lodge room in the presence of a large number of the members of the Mystic Tie. The first was known as "Veterans' Night," which was largely attended and proved to be a most happy occasion for all present. The second will long be remembered as "Downham Night," celebrated in honor of the fiftieth anniversary of the Masonic birthday of Right Worshipful Brother E. E. Downham, who was raised to the sublime degree of Master Mason half a century ago last night. The affair was intended as a surprise to him whom the members of the craft delighted to honor, and it was a most decided success from start to finish.

A large majority of the members of Andrew Jackson Lodge, No. 120, were present before the craft was called to order by Worshipful Master Elliott Hoffman, and half an hour later it was necessary to bring into the lodge room many chairs in order to furnish seating accommodations for members and visiting brethren.

Shortly before nine o'clock the venerable brother, accompanied by Past Master James E. Alexander, who has also long since grown old in Masonry, he having become a member of Andrew Jackson Lodge during the war between the states, appeared in the lodge room. He was heartily greeted by both young and old. A few—very few—of the brethren who were living in 1870 were on hand, and more scarce still were those who were present in the lodge room when the Right Worshipful Brother was declared a Master Mason. But two of such mingled with the brethren last night.

A delegation consisting of all the past masters present together with all members of Jackson Lodge whose names have been on the roll 25 years or more formed the committee which formally presented the Right Worshipful Brother to the lodge. He was received in due and ancient form.

In the meantime Past Master James E. Alexander had taken his position in the "East," and the ovation which followed was one of the happiest in the history of Free Masonry in Alexandria. All felt that it was good for them to have been there.

During a short lull in the festivities Mr. John H. Trimyer advanced with a beautiful bouquet of flowers which he presented to the Right Worshipful Brother in a short but apt speech, which met with an equally apt response from the recipient, after which George W. Zachary, Tiler of the lodge, made his appearance with something in a glass case which he in a few remarks presented to the honored guest. For a time it was as a Chinese puzzle to the recipient as well as to the entire assemblage. After it had been carefully opened it proved to be an elongated cigar, twice the length of an ordinary specimen. This provoked laughter which increased greatly when the recipient lighted it and began sending forth clouds of smoke.

A finely executed copy of the minutes of the lodge of May 6, 1870, was next brought forth, and after having been read by the secretary was presented to the Right Worshipful Brother. But two members of Andrew Jackson Lodge who were present on that occasion were in attendance last night. Their names appeared in the minutes.

About ten o'clock the second and last act of the interesting proceedings was announced. The lodge having adjourned in due and ancient form, the company proceeded to the upper room of the temple where seasonable refreshments had been prepared by the members of Martha Washington Chapter Order Eastern Star. Although the guests were numerous, the ladies composing the chapter had made ample arrangements for entertaining all, and by the time their guests reached the room they began moving from one to the other supplying each with both substantials and luxuries. More speech-making followed. There were no formalities, and all felt at home, joy being at all times in the air.

The company adjourned at a late hour, every one highly pleased with their evening's experience and glad they had participated in what will ever be known as "Downham Night."

VISIT OF GRANDMOTHER

Wife of Karl Austin Gives Renewed Assurance of Love

Manassas, Va., May 7.—The aged and feeble grandmother of Karl J. Austin, who arrived here yesterday unexpectedly from New York, uninformed of the tragedy of last Monday night, when her crippled grandson shot and killed J. R. B. Davis on Main street, was bewildered when she failed to find him in his wheel chair in the sunny spot he was accustomed to frequent along the thoroughfare.

As gently as possible friends of the prisoner told her the news and she was accompanied to the jail, where she broke into tears as she greeted him.

Mrs. Austin, the crippled man's wife, over whom was started the quarrel which resulted in the fatal shooting, also arrived at Manassas yesterday from Washington, where she has lived since their separation last summer. She was met by her mother, Mrs. Mary C. Sonafrank, of Manassas, and together they went to the country jail and had a three hours' conference with the prisoner.

Austin avers that previous to Monday night's trouble he reminded Davis of his promise to leave town as the latter had promised, after, as Austin claims, Davis had wrecked his home and caused a separation between his wife and himself.

During her conference with her husband at the jail Mrs. Austin became penitent, and she assured her husband that she would do everything possible to help him win his legal fight for life. Mrs. Austin with her mother, later went to the Austin home on Zebedee street, where she lived previous to the domestic troubles.

Holds Gun on Girl—Forces Mother to Gather His Loot, Then Speeds Away on Stolen Horse

Cumberland, Md., May 7.—While Mrs. Marshall Friend and her daughters sat near a window in their home near Friendsville, Garrett County Wednesday night, the smashing of a pane was followed of a hand holding a cocked revolver and a masked head.

The frightened women told the bandit that the money was in another part of the building. Calling on one of the daughters to throw up her hands, the robber ordered the other women to bring the money, saying he would kill the one he had covered with the revolver, should there be the least treachery. The women brought $55 and a teacher's check for $45.

The bandit then mounted one of the horses he had already saddled in the Friend barn and rode away.

CLARENCE ADAMS DECLARED BANDIT

Said To Be One Of Gang Who Robbed Sandy Spring Bank

PICKED BY BANK HEAD

A. G. Thomas Positively Identifies Him as Man Who Stood Guard During Raid.

Baltimore, May 7.—Announcement was made at police headquarters last night that Clarence Adams, alias Joseph Adams, alias James Kane, was identified in Camden, N. J., yesterday as one of the bandits who robbed the First National Bank at Sandy Spring April 26 after shooting to death Francis M. Hollowell, one of the bank's directors.

Adams, the police say, has a police record. He was arrested in Baltimore, October 22, 1919, with three other alleged gunmen on information placed in the hands of the police. One of those arrested was Anthony Cugine, now in the city jail here accused of being one of the gang who robbed the jewelry store of James R. Armiger Company.

The tags on the automobile used by the bandits who robbed the Sandy Spring Bank were found yesterday in the Monocacy River, about three miles from Frederick. The tags were lying in shallow water beside one of the piers of the bridge on the Baltimore pike. The numbers on the tags were Maryland 25-930. These belong to Mrs. John Dorsey, of Baltimore, whose car was recovered in York, Pa.

A detective and former Sheriff Vietti and the cashier of the Sandy Spring Bank made a search of the place where $30,000 in bonds were found Wednesday. No more were found.

VIRGINIA NEWS

For the slaying of Detective L. A. Mann in Lynchburg, March 25, when another detective was wounded, Lee Jordan, colored, two gun man, sought in Greenville for killing two policemen, will die in the electric chair July 7. This verdict was given in corporation court today by Judge Frank P. Christian after a two day trial.

Two large blacksnakes were killed by Miss Cora Bowers, whose home is on the Shenandoah river, in Page county. Miss Bowers was in her garden working with a hoe. Hearing a hissing sound on the side of the garden, Miss Bowers went to make an investigation. She found a five-foot blacksnake. He was full of fight. The young woman gave him a blow with the hoe and he died. In a short time she found another snake of the same species. Miss Bowers soon had this one lying as a trophy at her feet.

Arrangements had been made for the unveiling of the Mosby monument to take place on Memorial Day. It is now considered doubtful if the monument will be ready by that time. The Black Horse Chapter, U. D. C., decided Wednesday to give a dinner on that day for the Confederate veterans, sons of veterans and soldiers of the world war. Mrs. John R. Benner and Miss Sallie Wood were elected delegates to the district meeting in Alexandria.

More than $12,000,000 worth of flour has been handled through the municipal docks at Norfolk since the army base piers were taken over under lease by the city government. Tobacco is the second largest item of export commodity that is being handled at the docks and warehouses.

Rapid progress is being made on what engineers say will be the largest concrete cotton mill in the United States, which is now being constructed for the Dan River Mills at Danville. The structure measuring 840 feet by 140 feet will be three stories high and will embrace seventeen acres of floor space when it is completed. Nearly 3,000 carloads of material will be required to build and 40,000 yards of concrete will be poured. The labor situation has proven the most serious obstacle thus far, the small army of workmen, 750 in all, being a magnet for Northern labor agents who, it is charged, have made raids on the works and induced many to leave. To offset this Italians laborers are being brought in by the contracting firm. The mill, which will represent an investment of $1,500,000, is being built on a "cost plus" basis and will be finished by October.

It is generally conceded that Glass and Davis will be two of the delegates at large from Virginia to the Democratic National Convention. The third probably will be Senator Swanson, but it is problematical as to who will be the remaining delegate comprising the "Big Four." Selection of the fourth delegate is likely to provoke a lively scrap in the forthcoming State convention at Roanoke. If the Davis-Tucker forces get the upper hand Harry St. George Tucker, of Lexington, gubernatorial aspirant, will land the honor. If the prohibition forces gain the ascendency, it is thought that Congressman Henry Flood, of the Tenth district, in which Lexington is located, will be sent to San Francisco.

Stock in the holding company recently formed by the Roman Eagle Lodge of Masons of Danville, to finance the building of their proposed ten-story officebuilding and temple is being sold rapidly, the finance committee being prepared to report next Monday that $300,000 has been invested. It is unlikely that any effort to rebuild will be made before the coming autumn.

John Brown, a dining car cook on the Atlantic Coast Line and Richmond, Fredericksburg and Potomac Railways, is being held in Richmond charged with having been systematically robbing passengers on Pullman cars. When arrested on a train en route to Washington he had in his possession a woman's handbag containing jewelry and other articles believed to have been stolen, according to railroad detectives. Brown's address is given as 50 Myrtle street, Washington.

Dr. Henry Clay Smith, of Crewe, Nottoway county, announces that he will oppose Congressman Patrick Henry Drewry for the full term from the Fourth district. Drewry was recently without opposition for the short term to succeed the late Walter A. Watson. Smith's announcement came as quite a surprise in political circles.

VIRGINIA NEWS

Henry Powell, 55 years old, farmer, committed suicide yesterday morning at his home at Chantilly, near Herndon. He placed the muzzle of a shotgun in his mouth and pulled the trigger. He had been in ill health.

Col. Robert F. Leedy, who is opposing Thomas W. Harrison, of Winchester, for election to Congress from the Seventh District, made his second appearance of the campaign in Charlottesville Tuesday. He pitched into the Eighteenth Amendment, the Volstead law and the Mapp law, and the legislators of nation and State who enacted same, with gloves off. He denounced this sort of legislation calling it "'a departure from the old and sacred principle of States' rights." Col. Leedy severely castigated the authors of the Mapp prohibition law in this State and held up to scorn the leaders of the Anti Saloon League for "insincerity." Col. Leedy predicted that he would be nominated on the platform he advocated, for the making and use of wines, beer, cider, and old fashioned drinks.

BAKERS GIVEN ADVANCE

Increase in Price of Bread and Baked Goods is Forestalled

Washington, May 7.—Settlement of the threatened bakers' strike by Rowland B. Mahany, conciliator of the Department of Labor, yesterday allowed the bakers an increase of 10 cents an hour over the 80 cent rate offered by the employing bakers, and forestalled a possible increase in the price of bread or other bakery products because of the raise in wages.

The settlement was a compromise such as could not have been made if the Department of Labor had not been called in, Mahany said

Continuation of an eight hour day instead of the seven and a half hours asked by the union, is provided. A table of wages for helpless is also included in the agreement, is an increased compensation for night work.

It was decided by both factions that Mahany should act as mediator in all difficulties arising between the parties to the agreement during the life of the pact. The agreement is retroactive as of April 30.

KILLS WIFE IN GUN DUEL

Former Soldier Chases Spouse Into Bakery, Breaks Door, Slays

Philadelphia, May 7.—Wounded in the hand by his wife's revolver William R. Feig, 22 years old, yesterday pursued the woman into the dining room in the rear of the bakery of Stephen Rammer, Fiftieth and Thompson streets, and fired four bullets into her head and body.

The shooting occurred shortly after 4 o'clock and the victim died at the West Philadelphia Homeopathic Hospital four hours later.

Feig is under arrest charged with murder, while his wife's brother, John Hill, of 1446 North Paxson street, is also held accused of aggravated assault and battery with intent to kill. The police say that Hill, who also was armed, was waiting for his brother in law to come out of the bakery and was ready to shoot him when he appeared.

The prisoner and his wife, Ruth, who is 26 years old, and lived at 5025 Warren street, have been separated for more than a month. They parted as the result of constant bickering and quarrels, which grew out of the testimony which the wife is alleged to have offered when her husband was arrested in February, charged with being a deserter from the army. Feig was acquitted.

Dublin, May 7.—A police sergeant was killed and two constables wounded when they were fired on from ambush while cycling from Listowel to Bally Longford, County Kerry, according to messages here.

BRING THEM HERE

Notices to the effect that a number of manufacturing establishments, including hosiery mills and shoe factories, are considering locating in Washington, brought a protest from Representative Edwin L. Davis, of Tennessee, on the floor of the House of Representatives this week.

Davis directed his criticism at Washington trade bodies, which, he said, were carrying on a propaganda to bring manufacturing concerns to the District of Columbia. Declaring the District of Columbia had been "carved out of the wilderness" specifically for a National Capital, Davis urged that nothing be done to mar the civic beauty of the city.

Many years ago the bringing of factories into Washington was opposed by many people in that city. Later, however, business men of the capital city invited factories and similar enterprises to locate in the District of Columbia.

The Chamber of Commerce, this city, at the time directed attention to the fact that Alexandria, just across the river, is ever ready to aid all enterprises which desire to locate next door to the capital city.

Arrangements have been made to construct a fine roadway between Alexandria and Washington by metamorphosing the old Alexandria and Washington Turnpike into a modern highway, which is much shorter than the road now most generally used. When this shall have been accomplished, the two cities will be within about four miles of each other, a short run in this day of automobiles and auto trucks.

SEARCHING COFFINS

Considerable comment was caused in Virginia some time ago by the action of prohibition inspectors who searched a coffin containing a corpse. The officials suspecting liquor had been placed in the receptacle with the body. Much indignation was manifested at such an act. A similar procedure is reported in another state. Even a dead sailor inclosed in an eight casket and boxed up, on the way for burial in the West, is not immune from suspicion of bringing liquor into the country in contravention of the prohibition law. This became apparent yesterday when the body of H. G. Wrielands, who died in Bermuda, April 24, of peritonitis while serving as seaman on a Shipping Board steamer, was brought to Baltimore.

The steamer Lake Flushing from Hamilton for Baltimore called at Bermuda for coal and while there the master was requested by the American Consul to take the seaman's body on board for delivery at Baltimore.

Upon arrival the master reported to Shipping Board officials who commissioned Funeral Director M. J. Syfer to take charge of the body. The undertaker could not get the body before he was informed, by the custom officials, till the casket was opened to determine if any liquor had been secreted. The delay prevenetd the body being shipped yesterday to the brother of the deceased.

HOW TO BE HAPPY THOUGH MARRIED

A well known writer of books and short stories has just informed a careless world that she has been married for five years and that she and her husband have been living apart with friends with occasional meetings arranged on mutual arrangements. She expounds the theory that this is ideal life since there have been no family jars, and none of the irritating scenes so common in domestic life—a satisfactory arrangement of each's personal equatation. Both are happy because they see so little of each other.

Admitting that the five year period has been one of domestic bliss under unusual circumstances, it is hard to believe that it has proved anything. The fact is not material because there has been no family life established, without which society is a failure. If all married couples were to live on this basis the world would soon come to an end. All that these sophisticated persons have proved is that married people get along without too much of each other's society. That is not much of a gain.

The real value of married life inheres in the establishment of a family through a sort of compromise. Two individuals cannot establish a family without a good deal of give and take, without an adjustment which is often accompanied by friction, but which eventually produces the best results. Married life is not selfish individualism, as the incident in question would indicate, but is a real matter of self-denial, of self-sacrifice and of rearing children to carry on the work of the world.

At a time when divorces are common and when much is made of the unpleasant side of married life it is nevertheless true that on the family the whole of civilization depends and without it we should soon revert to worse than barbarism. The only heaven on earth comes from establishing family relations on the highest basis. The married couple which meets only occasionally is not an exemplar of the family that counts now and in the future.—Philadelphia Inquirer.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S .S. S., and get on the right treatment to-day. Special medical advice free. Address Medical Director, 111 Swift Laboratory, Atlanta, Ga.

SUFFS WIN IN DELAWARE

Republican Votes Give Victory—National Party Pressure on House

Dover, Del., May 7.—Suffrage was ratified by the Delaware State senate late yesterday by a vote of 11 to 6. Only one Democrat, Lewis M. Price of Kent County, voted for the ratification resolution. Two Republicans, Edward B. Brown and J. Carey Palmer, both of Sussex County, voted against the measure.

The Senate's action yesterday was the first real victory the suffragists have won since Gov. Townsend called the legislature into special session on March 22.

A poll of the house prior to the senate vote showed fourteen members openly for ratification. What effect the senate action will have in swelling this number to the eighteen necessary for a majority is problematical.

A tense atmosphere of expectancy and uneasiness marked the re-assembling of the legislature this morning. Both sides recognized that further delay in the senate vote would be ominous for the suffrage cause.

At 5 o'clock President Short called for the vote. Its conclusion brought a round of cheers from the assembled women, who rushed on to the floor to congratulate the senators who had supported the resolution.

MOTHER IS FREED

Judge Directs Not Guilty Verdict in Trial For Daughter's Death

Newark, N. J., May 7.—Judge Osborne late yesterday directed the jury to return a verdict of not guilty in the case of Mrs. Andrew Walker, who with her husband was on trial for manslaughter ggrowing out of the death of her 10-year old daughter, Dorothy, from diphtheria.

It was developed at the trial that the child was treated by a Christian Science practitioner and that no physician was called.

In moving acquittal for the mother, Attorney Weinberg, for the defense, said that under New Jersey laws the mother has no control and can exact no obedience from a child; that the father is head of the family and charged with the duty of protecting and caring for the child.

After the judge had decided to acquit Mrs. Walker, Weinberg moved for acquittal in the case of Walker on ground no neglect had been shown in the treatment of the girl.

MOB "MOVIE" MAN

Tangier Citizens Ban Publicity to Shooting of Boy; Smash Camera and Take Films

Crisfield, Md., May 7.—A representative of a motion-picture company who went to Tangier Island to secure scenes of the island and pictures of the principals in the recent shooting affair there was mobbed and driven from the island. The machine and one and half reels were destroyed.

The residents are resenting the wide publicity given them since Officer Connorton shot Roland Parks for violating the Sunday ordinance. They claim reports of the case are greatly exaggerated. They say they desire to be left alone.

A resident of the island here yesterday stated that no other newspaper representatives nor others bent on giving notoriety to the island would be allowed to land should they try to go over there. The moving-picture representative secured a boat to put him on the mainland Tuesday night.

The Sunday ordinance prescribes that "congregating in public places during church hours is a violation of the law." The boy was sitting on a store porch and the constable ordered him away. He is said to have "sassed" the officer and resisted arrest and the shooting followed.

CANNON RENOMINATED

Chicago, May 7.—Word was received in Chicago from Danville, Ill., last night that Republicans of the Eighteenth district of Illinois yesterday afternoon for the twenty-fifth time nominated Uncle Joe Cannon for Congress.

In 1872 Mr. Cannon defeated the Rev. W. H. D. Moore, then representative for the nomination, and except in 1899 and 1912 has been successful at the polls ever since.

POLES CLOSING IN ON REDS

Chinese Mercenaries Keeping Men at Front by Shooting all Who Retreat

Warsaw, May 7.—The Poles gradually are closing in upon Kief, notwithstanding the resistance of the bolsheviki infantry and artillery. Reports received here yesterday indicate that the Poles are from 35 to 45 kilometers from Kief at several places.

It is asserted that the defenders of Kief are demoralized, but that the front line of the reds are being forced to fight as the rearguard, made up of Chinese mercenaries, are shooting down all those reds who retreat without orders to do so.

DANES OCCUPY SCHLESWIG

Troops Enter Northern Region Amid Rejoicing of People

Copenhagen, May 7.—Danish troops yesterday occupied northern Schleswig the people of which on February 10 last, in a plebiscite provided for in the peace treaty, voted by a large majority for a return of this part of her territory to Danish nationality. The Germans had been in control there since 1866.

Enthusiastic scenes accompanied the arrival of the Danes at Sonderburg.

A force of Danes also arrived in Hadersleb (Hadersleven) and were welcomed by a crowd estimated to aggregate 20,000. Amid great rejoicing the German colors were hauled down and the Danish flag was hoisted.

JOHNSON LEADS

San Francisco, May 7.—Senator Hiram W. Johnson carried California at the Presidential primaries by not less than 175,000.

Late figures from 4,340 out of 5,729 precincts in the State gave him a maojrity over Herbert Hoover of 151,000. If this ratio is maintained to the finish of the count, Johnson's lead may run close to 190,000.

Johnson, on the face of returns so far received, has carried every county except two of the fifty-eight One of them, Kings, he lost by a small margin.

MOTORCYCLE HITS AUTO

Pennsylvania Man is Blinded by the Lights

Waynesboro, Pa., May 7.—J. Harry Mingle, foreman of the Chambersburg, Greencastle and Waynesboro Trolley Line force, this city, had his left leg taken off above the ankle in a head on collision between the motorcycle he was driving and an automobile driven by Ambrose Greenawalt, of Shady Grove, on the turn pike two miles west of this city, at 9:30 o'clock Sunday night.

Riding tandem with Mingle was Miss Jessie Tatmer, of Mercersburg, who was catapulted clear over the automobile by the force of the crash. She landed on her head and sustained several deep gashes on her scalp.

In the automobile with Greenawalt were Misses Blanche Myers, Greencastle, and Lucy Kenyon, this city, and Clark Gillan, Greencastle. All except the driver were thrown out of the car and bruised and skinned. The front of the car was demolished and the motorcycle, which was wedged fast between the wheel and spring of the car, was a complete wreck. Mingle says he was blinded by the glare of the headlight He was removed to the Chambersburg Hospital.

THROW SUGAR IN SEA

New York, May 7.—The Munson Line steamer Munamar, bound from Antilla, Cuba, to New York, with a cargo of sugar and grape fruit, was driven ashore in a heavy gale off the Island of San Salvador in the Bahamas, Sunday night. The Munamar's 83 passengers were transferred to the White Star liner Athenic, which continued on its way to Newport News, Va.

Efforts to float the Munamar proved futile until 2,000 bags of sugar were thrown overboard, when the vessel lifted.

TIRED ALL THE TIME-- NO APPETITE

And Color Is Bad, Too—Muddy and Blotched. Know What the Trouble Is?

It Is Probably Your Blood

The Blood is Often Sluggish in the Spring and Needs Purifying—Pepto-Mangan Will Help

The blood is life itself, and when your blood gets out of order, nothing seems right! You are blue, discouraged and out-of-sorts. Food loses its taste, and sleep does not seem to refresh you. You don't want to work, and cannot have a good time.

Then you say to yourself, "What's the matter with me anyway?" Maybe you think of your blood, and maybe you don't.

Spring is here. And Spring, more than any other season, is the time people suffer most from blood disorders. Sometimes it is just "Spring Fever"—but conscientious, hard-working folks really suffer from Spring Fever.

They drive themselves, and worry and fret—but get little done. Neither body nor mind will function properly till the blood has purged itself of the winter accumulation of poisons—till it ce aetseobs..Ra....QDEru???y;f it ceases to be sluggish—till it has regained its color and strength.

Years ago people took sulphus and molasses in the Spring to help their blood. But nowadays, instead, they take Pepto-Mangan, a nice-tasting, agreeable and quickly effective blood tonic. Pepto-Mangan is approved by physicians everywhere. It has helped thousands of run-down, listless people get back their old-time vigor and enthusiasm.

Everyone in your family should take a good blood purifier and builder this Spring. Get Pepto-Mangan today. Your druggist has it, in both liquid and tablet form. Ask for Gude's Pepto-Mangan and see that the name "Gude's" is on the package.—Adv.

ILL HEALTH OFTEN DUE TO NEGLECT OF KIDNEYS AND LIVER

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe Kidney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its wide-spread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results.

The experience of multitudes is sometimes worth more than the wisdom even of the brightest physicians. Hence, if you have liver or kidney troubles, you cannot do better than call upon your druggist for Warner's Safe Kidney and Liver Remedy.

"About 7 years ago I was so weak and worn out that I could hardly work. After trying other things without relief, I tried Warner's Safe Kidney and iLver Remedy, In a short time the pain left me, my urine cleared up and the rheumatism and dyspepsia vanished. We have used Warner's Safe Remedies ever since with great success in our family."

O. F. Rose, Burtonville, Kentucky, U. S. A.

Warner's Safe Kidney and Liver Remedy contains no harmful ingredients and should be used when the kidneys need attention.

CONVICT GIRL

Jury Fixes Her Punishment at Ten Years—Shot Her Stepfather

St. Louis, Mo., May 7.—Ursula Broderick, 16 years, who killed her stepfather, Joseph F. Woodlock, in their home here April 14, 1919, was found guilty of murder in the second degree by a jury in the juvenile court here last night and her punishment fixed at ten years in the Missouri penitentiary, Judge Kline deferred sentence.

It was the third time the girl was tried for killing Woodlock, whom she shot to death. She reiterated her former testimony that she killed Woodlock to protect her honor.

The State contended that Woodlock was killed as the result of a plot between the girl and her mother, Mrs. Lillian Woodlock, and that he was shot while asleep. Mrs. Woodlock is under indictment for her husband's death.

In 1918, Ursula shot and killed her father, Thomas P. Broderick, but was exonerated by a coroner's jury when she testified that she fired in defense of her mother, whom, she said, Broderick was beating.

WOMEN DEMAND VOICE

Philadelphia, May 7.—Demand that women members of the Protestant Episcopal Church have a voice in diocesan conventions is made in a memorial signed by 700 women which was presented yesterday to the 136th annual convention of the church here.

The women pointed out the war had changed the general viewpoint on women's participation in important matters and said the representative council of the Church of England had voted to give women equal representation with men.
